

雕

## Common Words

to carve; to polish (writing)

**Trace each stroke, then write the character on your own.**

This image is a practice sheet for the Chinese character '雕' (diāo). It features a 10x10 grid. The first two rows are pre-filled with the character '雕' in various styles and sizes, while the remaining eight rows are empty for practice. The grid is overlaid on a background of dashed lines forming a diamond pattern. The character '雕' is written in a bold, black font with a red stroke order guide. The first row contains 10 characters, and the second row contains 8 characters. The remaining 8 rows are empty.
